Application Checklist for the Electrical and Computer Engineering Program

You must print a copy of this checklist and submit it with your application and all required documents. You must check off each item included in your application package. If you submitted your application online, you must include a copy of that application. In the case of transcripts and letters of recommendation, those documents must be in sealed envelopes. For international applicants, you must submit a copy of your GRE score report. If you believe that something in this checklist does not apply to you, you must indicate that it is not applicable by writing "N/A" in the blank. Application packages that are not complete will not be processed. It is the applicant's responsibility to ensure that all required documents are included in this package. For international applicants, WES and ECE evaluations are not an acceptable substitution for English-translated transcripts or the transcript itself.
